Call for participation SOLIDERA Workshop April 16-17

Join our interactive study and workshop on April 16-17 at the University of Zurich! Become part of our international SOLIdifying Digital REseaRch Approaches in health sciences (#SOLIDERA) initiative to shape research practices and education in health data analysis.

Who We're Looking For

We are recruiting 12-16 PhD students or early Post-Docs with strong quantitative skills and hands-on experience in data analysis. Ideal candidates should:

- ✓ Be proficient in R/Python and experienced in health-related data analysis
- ✓ Be available for a pre-workshop Zoom session (date TBD)
- ✓ Attend the full workshop from April 16 (10 AM) to April 17 (4 PM)
- ✓ Consent to being observed and recorded during the challenge (all data anonymized)

What's in It for You?

- ◆ A hands-on data analysis competition and expert-led discussions
- ◆ A gift card for all participants and a prize for top-performing teams
- ◆ Free lunches on April 16 & 17 + a social dinner event on April 16

Info and registration here:

 **Deadline: March 3 – Apply via the online form.**

 **Notification by March 7 for selected participants.**
