

Do you struggle to find a sidewalk that is accessible?

ZuriACT: Zurich Accessible CiTy

image: Adapted from Freepik.com

Join us and contribute to an accessible city for all!

We are looking for older adults with age-related mobility restrictions, parents with pushchairs, disabled people in terms of mobility, and their relatives or caregivers, who would like to share their know-how and help contribute to the inclusivity of the city of Zurich.

Register now for our citizen science project ZuriACT and help us lay the groundwork to make the city of Zurich more accessible for everyone.

<https://www.uzh.ch/zi/cl/umfragen/index.php/428355?lang=en>

To participate, you must be at least 18 years old.

Participation will be compensated with a contribution towards expenses.

In focus group discussion, you tell us about sidewalk accessibility barriers you encounter in the city of Zurich.

Save the dates: 11 to 13 July 2023

In data collection, you contribute to collecting data about sidewalk barriers in District 1 of the city of Zurich with the help of a web tool, street view images and our support.
